Saint Paul, MN 55106-5000

Dr. Okuboyejo,

We are pleased to inform you that the Program Committee for the SAM International Business Conference 2025has accepted your proposal under our regular decision process. Please consider this our formal invitation to attend the proceedings as a presenter at our academic conference.

Currently, you have indicated you would like your presentation to be included in conference proceedings and would like it forwarded for consideration for the SAM Advanced Management Journal. We ask that you submit your final paper, "**A LIWC-based Sentiment Analysis of Depression Apps: Implications for Consumer Behavior and Business**" by May 1, 2025. This should allow you time to process any comments or feedback from the audience at the SAM International Business Conference.

Once you have confirmed your attendance at this year's conference by completing the registration process, we will schedule your presentation. Due to the timing of your submission we ask that you please register no later than Wednesday, February 12, 2025. If you require additional time, please email us at **conference@samnational.org** so we can schedule an extension.

This year we have continued our partnership with one of the most engaging virtual conference management platforms in the world, Cvent! You will receive additional information on connecting with our conference platform with the email address you have provided. We will also extract your presentation description and biography information from the website and include them in our conference proceedings. For ease of publishing, your biography should be no more than 750 words and may include a photograph.

We look forward to seeing you online for our 80th Annual Conference!

Congratulations,

Patrick Endicott
