Data Analysis Best Practices

Presented by:

Sena Okuboyejo

NOVEMBER 13, 2023

Table of Contents

- Introduction of Facilitator(s)
- Presentation
  - Quantitative and qualitative research
  - Data cleaning
  - Data visualization
  - Descriptive and diagnostic analysis
  - Developing a manuscript for publication
- Q & A
- Closing

Biography of Facilitator(s)

SENA OKUBOYEJO: Assistant Professor, Management Information Systems (MIS), Metro State University

- Dr. Sena Okuboyejo is a scholar and researcher in population health research, informatics, and data analysis.
- With a strong academic background and a wealth of experience, she has made significant contributions to the field, utilizing advanced data analysis techniques to uncover insights into health disparities and healthcare systems, especially in underserved communities.
- Her work, featured in prestigious journals and international conferences, guides policymakers and healthcare practitioners, while her dedication to ethical data use and mentorship of emerging researchers reflects her commitment to advancing population health research and shaping the future of healthcare.

MIRIAM NKEMNJI-ENOHNYAKET: Assistant Professor, RN-BSN Coordinator, College of Nursing and Health Sciences, Metro State University

- Miriam is an assistant professor in the graduate and undergraduate programs and serves as the coordinator of the RN-BSN program at Metro State University. Miriam has 17 years of experience as a registered nurse (RN).
- Prior to Metro State, Miriam worked at the Louisiana Office of Public Health, RN in acute care and long-term care settings and director of nursing (DON) in assisted living. She brings a global perspective with a career in boundary spanning (long-term care, acute care, home health, public health, and academia).
- Miriam has a Doctor of Nursing Practice (DNP) degree from the University of Minnesota, a Master's degree from Tulane School of Public Health & Tropical Medicine, a Bachelor's degree in Nursing (BSN) from Prairie View A&M University, & a Bachelor's degree from UW-Madison. She is based in the Twin Cities with husband, Pascal, and three children.

Thank You
